Anthony Eckmann Date of Birth: 13.04.2000

E-Mail: anthony.e@gmx.ch Phone: +41 78 857 67 67
Address: Hardturmstr. 303, 8005 Zürich Citizenship: Swiss / French

---

Data-driven problem solver with a strong foundation in quantitative analytics, data modeling, and machine learning. Curious about transforming complex datasets into actionable insights that enhance risk management and strategic decision-making. Skilled in Python, R, and SQL, with experience translating analytical results into clear insights for technical and non-technical stakeholders.

Education

Master of Science in Statistics (Sep. 2023 – Sep. 2025)
Master Thesis: Managing Data Scarcity in Sports Analytics (Grade: 6.0/6.0)
ETH Zurich, Zurich

- Final grade: 5.22/6.0
- Developed a virtual sample generation method to address data scarcity in sports analytics; conducted data modeling, feature engineering, and performance evaluation.
- Relevant coursework: Machine Learning, AI, Big Data, Computational Statistics, Causality.

Bachelor of Science in Mathematics (Sep. 2020 – Jun. 2023)
Major in Mathematics, Minor in Communication and Media Research
University of Zurich, Zurich

- Final grade: 4.9/6.0
- Relevant coursework: Computer algebra, Numerical Analysis, Statistical Modelling, Computational Research, Mathematical finance, Statistics for Media Research

High School exchange semester (Feb. 2016 – Aug. 2016)
Collège Calvin, Geneva

Work experience

PRYO consult GmbH, Zurich (March 2026 – Present)
Public Transport & Infrastructure Consultant

- Supporting analysis and concept development for strategies, vehicle concepts and organizational structures.
- Assisting in project execution, including economic calculations, procurement and project controlling.

Minimum Bouldering Gym, Zurich (Mar. 2024 – Present)
Routesetter & Youth Team Climbing Coach

Anthony Eckmann Photography, Zurich (Jan. 2017 – Present)
Freelance photographer (www.anthonyeckmann.ch)

Kantonsschule Freudenberg, Zurich (Jan. 2024 – Dec. 2024)
Substitute Teacher in Mathematics

- Teaching 3rd and 4th grade classes for a semester
- Teaching 3rd class for 2 months

Oxygen at Work, Zurich (Oct. 2022 – Oct. 2023)
Combining plants with technology to improve office space climate
R&D Working Student & Business Development Working Student

- Designed and implemented a machine learning algorithm to continuously forecast office space air quality.
- Integrated and cleaned heterogeneous data sources (ETL).
- Presented insights and strategic recommendations to management & stakeholders.
- Aligned technical results with client requirements and commercial objectives.

University of Zurich, Zurich (Feb. 2023 – Aug. 2023)
Teaching Assistant in Statistics

- Strengthened communication skills by simplifying complex statistical concepts for diverse audiences.

Chiffon – Café Bar, Zurich (Oct. 2020 – Dec. 2021)
Service employee

Swiss Ski and Snowboard School, Klosters (Dec. 2019 – Apr. 2020)
Ski instructor

Core Skills

Technical Skils:
- Python, R, SQL, MATLAB
- Data Visualization: Tableau, Power BI, Matplotlib, ggplot2
- Machine Learning: AI, Neural Networks, Random Forest, Clustering, PCA
- Data Engineering: ETL, Data Cleaning, Feature Engineering

Analytical Competencies:
- Statistical Inference & Prediction, Experimental Design, Causality Analysis
- Quantitative Modeling, Solution Design

Languages

German / Swiss German (Native), French (Native), English (C2)

Extracurricular Activities

Climbing, Bouldering, Hiking, Skiing, Movies, Reading, Cooking
